

Hey Kids 'R' Kids Campers,

Summer is just around the corner and I'm busy cramming as much fun & excitement into our summer as possible! Between the fun field trips and the awesome Time Traveling Curriculum Ms. Patty is implementing, we are going to have a blast.

On our field trips we'll travel to Monkey Bizness, Paradise Park, local parks, and Power Play then show off our creative sides at Walls of Clay and Kaleidoscope. Senior campers will go on a water field trip every week- Blackbob Pool, Super Splash USA, and CoCo Key Water Resort. Seniors also will have softball and kickball camps this summer. Junior and Senior Campers also can sign up for McCracken's swimming lessons.

Ms. Patty is busy planning our Time Traveling activities. We'll explore time from the prehistoric age of the dinosaurs to robots and hovercrafts of the future. There will never be a dull moment!

You can come join us for Spring Break to try out the KRK camp experience. For Spring Break Junior and Senior School-agers will go to Antioch Park for a picnic, the Kansas City Zoo and Bump City. We'll explore a bit of the new Summer curriculum and even make our own stepping stones. It's going to be a great week!

Let the Front Desk know that you plan to be with us for Spring and Summer Break this year. Don't forget to sign up for Summer by March 1st and enjoy the early discount! Hope to see everyone this summer☺

See you soon,

Ms. Tara
